

((((IN/Clojure)))

IN/Clojure 2018 is the second edition of Asia's first Clojure conference, and is scheduled to be held in **Bengaluru, India** over two days - **the 12th and the 13th of January, 2018**. This edition includes a one-day workshop on Clojure on the 12th and a single-track presentations conference on the 13th.

Our goal with this conference is to nurture the growing community of Clojure programmers in India. We expect to have between 120 to 150 attendees from India and abroad, with a mix of experienced Clojure programmers and enthusiasts.

We believe that this conference will help kickstart a series of Clojure workshops and meet-ups across the country. We also believe that this conference will serve as a platform for early adopters to make a strong case for Clojure adoption.

Many companies in India (Go-Jek, Helpshift, Nilenso, Concur, and Quintype, to name a few) have been putting Clojure into production for years now, and more recently Clojure(script) onto browsers and mobile devices as well. We're hoping that their stories will inspire and drive further adoption in India.

We are looking for your help with nurturing and growing the community by sponsoring InClojure.

Please also encourage Clojure programmers in your organization to submit talk proposals and attend the conference.

Sponsorship slabs for IN/Clojure 2018:

	Platinum	Gold	Silver
Amount	₹ 4,00,000 (USD 6500)	₹ 2,00,000 (USD 3000)	₹ 1,00,000 (USD 1500)
